

Many Follow Jesus

LUKE 5:1-11; 6:12-16; 8:1-3

This week's theme is **DISCIPLES**. Jesus called many different people to follow him. We're all called to be disciples who love, help, and serve others.

Let's Worship Together
Disciples invite others to learn about Jesus. Use art supplies to create invitations to your church. Include the name and address of the church and worship times. Pass them out to people in your neighborhood.

Everyone Is Called
Print pictures of family members, friends, and people in your church family. Glue them inside a cardstock footprint to create a collage. Display in your home to remember that we're all disciples.

Following Jesus
Cut straws into various lengths and tape inside a shoebox lid to create a maze. Use a marble and pretend you are following Jesus down a long, winding road. Take turns tilting the lid, moving one marble at a time through the maze.

Walking Together
Jesus and his followers walked from place to place teaching about God. Trail mix is a great snack for a long walk. Combine cereal, raisins, and chocolate chips. Walk with friends, talk about Jesus, and eat trail mix together.

Dear Diary
Jesus called some fishermen to follow him. Imagine that you are fishing on a boat in the Sea of Galilee. Write a diary entry to tell about meeting Jesus and dropping your nets to follow him.

You've Got Talent
Make a list of some people who share their talents at your church. Call a different person on your list each day to thank them for being disciples by sharing their talents with your church family.

This week our family is praying for...

Follow and Lead
The disciples followed Jesus and taught others about him. Hold hands with a family member. One person closes their eyes while the other leads them around your home. Take turns until everyone has a chance to lead and follow.

Many Follow Jesus
